International Mediation Writing Competition

2021 Report

First Annual WIF International Mediation Competition
Cyprus 2021

Competition summary

The first WIF International Mediation Writing Competition held in Cyprus in spring 2021 introduced law students from many universities to Mediation, providing educational seminars on mediation, mediation advocacy and negotiations; interviews with experts; and international online events.

We would like to warmly thank all sponsors, supporting organizations and judges for their support to this outcome!

We would also like to congratulate all participating students for their effort and active participation in the seminars!

Eleni Charalambidou,
Mediator, Trainer & ADR Expert
WIF Senior Fellow,
Head of the Competition in Cyprus

“This competition was a great experience. Not only I had the chance to test my skills but also learn about mediation. I would highly recommend participating in it, not for the prize but the knowledge you get from it.”

Charikleia-Nefeli Gkoutou, 1st prize winner 2021
